FEATURES AND BENEFITS:

Rugged, Reliable, and Intrinsically Safe

Designed to withstand the harsh conditions in manufacturing facilities and meets global Intrinsic Safety requirements.

Designed for Use

Designed for comfortable, one-handed, all-day use in the field. The screen also operates while wearing gloves.

Power the Loop

Allows device configuration in the field before power and I/O infrastructure are in place. Simply connect to an instrument to power it.

Adjustable Display, Superior UI

Easily change display to save power or adapt to dark environments or bright sunlight, ensuring a crisp display that can be read. Large touch screen for better viewing and easier navigation; intuitive instrument dashboard and graphics.

Auto Sync

Maintain data integrity in your AMS Device Manager database without any technician intervention.

APP LIBRARY, FEATURING:

Field Communicator

Delivers a wide range of options for configuring and troubleshooting HART and FOUNDATION Fieldbus devices.

Loop Diagnostics

Power the loop in the field and perform loop troubleshooting and checkouts. Also, isolate and troubleshoot wiring issues.

Fieldbus Diagnostics

Get the necessary toolset for troubleshooting and validating FOUNDATION Fieldbus segments.

WirelessHART Provisioning

Provision wireless networks in less time, with less chance of error and in a more secure fashion.

Radar Master

Ensure the measurement and configuration accuracy of your Rosemount radar level transmitters.

ValveLink Mobile

Analyze and review valve assembly condition and performance without affecting the process.

Calculator

Includes a calculator, conversion for base conversions, loop convertor/Ohm's law calculator, and unit converter.

PDF Viewer

Transfer PDF files to AMS Trex to easily access manuals, work processes, notes, and any other PDFs in the field.

20% OFF

Trade in your existing handheld and receive a **20% discount** on the purchase of a AMS TREX Device Communicator
