Camera Model Trade In Value (USD\$)

	E76	\$1000
	E86	\$1500
	E96	\$2000
	T530	\$2000
	T540	\$3000
	T560	\$3500
	T840	\$3500
	T865	\$4000
	T1020	\$5000

Keep your cameras current with the most advanced thermal cameras on the market to get the advantage of:

Quickly and easily collect and manage critical images with routing and reference imaging built into the camera using the new **Thermal Studio Pro** software.

Pair your Exx or Txxx-Series camera with a **FLIR FlexView** dual field-of-view lens to conveniently switch from standard to telephoto imaging with one push of a button.

Superior resolution plus **FLIR UltraMax**[®] and **MSX**[®] image enhancement that produces the most vibrant, easiest-to-interpret images.

¹ Camera models include: InfraCam, E30, E40, E50, E60, E53, E75, E85, E95, i40, i50, i60, T200, T250, T300, T360, T400, T420, T440, T460, T600, T620, T640, T660, and other camera brands.
